Date: May 28, 2020

Re: Access to the Allina Health Laboratory Central Lab

Due to current heightened security levels on the Abbott Northwestern Hospital campus, anyone presenting at the Allina Health Laboratory Central Lab will be required to display ID badge/identification prior to admittance.

If your site utilizes courier service other than the couriers provided by Allina Health Laboratory to transport specimens to the Allina Health Central Laboratory, please ensure that they are aware of this requirement.
