

Allina Health Laboratory Chemistry Analyzer Replacement Project

The table below shows the lab groups designated to transition from the Abbott Architect analyzers to Roche. Timelines will be updated as we gain more information around construction and site readiness.

Site	Go Live Date
Central Laboratory	Live on Roche instruments
United Laboratory	Live on Roche instruments
Mercy Laboratory	Live on Roche instruments
Unity Laboratory	Live on Roche instruments
WestHealth Laboratory	Live on Roche instruments
Regina Laboratory	Live on Roche instruments
River Falls Laboratory	Live on Roche instruments
New Ulm Laboratory	Live on Roche instruments
Owatonna Laboratory	October 3, 2023
Faribault Laboratory	October 3, 2023
St. Francis Laboratory	October 3, 2023
Cambridge Laboratory	October 17, 2023
Buffalo Laboratory	October 17, 2023

Be aware of Test catalog information that will reflect specimen requirement, stability, methodology and reference ranges for both Architect and Roche analyzers until platform replacement is complete at all Allina Health Laboratory sites.
