

Test update

Test name: Influenza A/B PCR

Test #: 8810

Notification date: April 10, 2020

Effective date: *Immediately*

QUICK REFERENCE

Effective immediately, all Influenza A/B PCR testing (8810) has been suspended.

DETAILS

An alert with additional details regarding this suspension has been added to the Allina Health Laboratory test catalog.

Influenza A/B PCR-8810

4/10/2020

Effective immediately, all influenza testing is suspended due to low prevalence of flu in the community and as our manufacturer has stopped production of flu PCR tests. This will help conserve limited collection supplies for COVID-19 testing.
