**To:** Allina Health Laboratory outreach clients

**From:** Allina Health Laboratory outreach services

**Date:** January 6, 2022

**Re:** **Aptima Urine specimen collection kit expiration dates extended**

---

Allina Health Laboratory has received communication from Hologic indicating that the expiration dating for the Aptima Urine Specimen collection kits has been extended from 12 to 24 months.

An alert has been added to our supply catalog that includes a link to the Hologic Customer Technical Bulletin.

**Aptima Urine specimen collection kit**

Item Name: **Aptima Urine specimen collection kit**

Aptima urine collection kit

**January 5, 2022**

Hologic has sent notification of extended outdates for the Aptima Urine Specimen Collection Kit from 12 to 24 months. Lots specified in the **Customer Technical Bulletin** will be accepted one year past the date indicated on the tube. Newly manufactured lots will reflect the new 24 month expiration.

### TO DO:

Compare the lot number of any Aptima Urine specimen collection kits that you have in stock to the list in the Hologic Customer Technical Bulletin to determine if the expiration date for the lot number(s) has changed.

If you have any questions about this information, contact Client Services or your Allina Health Laboratory Account representative.
