

COVID -19 COLLECTION
14315/LAB14315

QUICK REFERENCE

Effective January 17, 2023. Allina Health Laboratory will discontinue offering the COVID -19 collection assay (14315/LAB14315).

DETAILS

The suggested alternate assay is the COVID-19 Molecular assay (15064/LAB15064). Advantages of this transition include:

- CVD and Influenza A/B PCR (INP) when ordered will combine on a single label.
- New test can be run on any of the verified Allina platforms without need to reflex specific test platform.

Collection questions and sample requirements will remain the same. Please replace existing Covid requisitions with an updated version when sending samples for testing. If you have any questions, please contact your Allina Health Laboratory Account Representative.
