

## Test Changes

---

**Test name:** Infant RPR

**Test #:** 991/LAB991

**Notification date:** February 7, 2020

**Effective date:** February 18, 2020

Effective February 18, 2020, the Infant RPR assay will be available as an orderable test, and will no longer require the use of the Miscellaneous order code (991/LAB991 MISCELLANEOU).

The RPR is the appropriate first line test for newborns and infants <1 yr. of age who are born to mothers who have reactive non-treponemal and treponemal test results.

	Current	New
<b>Test #</b>	991	14248
<b>Excellian order</b>	LAB994	LAB14248
<b>Abbreviation</b>	MISCELLANEOU	RPR

*Interfaced clients: If this is a test that you will utilize at your practice, contact your AHL account representative for build information and testing.*
